

**Primary Professional Military Education (Enlisted) course**  
(Through the Navy e-learning website)

Go to the following URL: [https://ile-lms.nko.navy.mil/main\\_app.asp?main=app](https://ile-lms.nko.navy.mil/main_app.asp?main=app)

To get started: Register, then on the main page click on Browse Categories, U.S. Naval War College/Senior Enlisted Academy PME, Senior Enlisted Academy, then enroll in all 7 of the blocks. Once enrolled they will all show in "My Enrollments".

The tests are different than the SEJPME. 8 questions (multiple choice) and it tells you if you got the answers right. A good idea is to start a word doc of each section with the correct answers that you get, so you can reference back when and if you need to retake the tests multiple times. This is also good because it gives you a study guide of the material given. There is no limit to how many times you can take the tests back to back. If you are savvy on a section you can go straight to the test and skip all of the slides.

There is no overall completion certificate, so you will need to print all 7 certificates and put those into your OMPF when completed. Supposedly the MCC code to be run the course in 3270 won't show the course on your MBS at this time.
